Forensic User Detail	1
Related User	1

Forensic User Detail

Information for each user is provided in the User Detail. Use these views to understand user characteristics, communities and entities the user is associated with, and the user's recent activities.

Related User

A user profile provides user contact information and a summary of:

- User name
- A link to the user's Email address
- User's phone number
- Department the user works in
- Manager's name with an Email link and a phone number.
- Location of the user

Communities and Entities

The user's associated communities describes:

- The number of entities accessed
- Community Information:
 - How many communities the user is a member of in
- The total users in the communities.
- Total number of entities shared in the communities.

User Activity

Use this section to understand:

- The number of alerts that were raised over the last 7 days.
- The number of activities that were performed over the last 7 days.
- The number of each type of activity performed:
 - Number of reads
 - Number of writes
 - Number of other activities

Alert Detail

The alert detail describes the following about an alert:

- A description of the alert.
- When the alert was detected
- Status of the alert. An Administrator can change the status of the alert
- A description of the behaviour that resulted in the alert:
 - Change in activity rate
 - Other.....
- A chart comparing Historical activity to the activity that raised the alert.
